Subject: RE: Tri-County Health Department Land Use Review Case No. 5416

Hi Jeff, thanks for the reply. I will keep your note and also let the land owner know that there is a system to properly abandon an OWTS. The City will follow up with the land owner at the time that a site plan is filed for the property.

Subject: Tri-County Health Department Land Use Review Case No. 5416

This email is for Patrick Caldwell:

Hello Mr. Caldwell, my name is Jeff McCarron and I work at Tri-County Health Department. I was copied on the land use review letter for development along Federal Blvd to Lowell, 84th to 88th Avenue (Pillar of Fire, Rose Hill). I noticed that the letter addresses a property that is served by an onsite wastewater treatment system (septic system) that will need to be abandoned. Please contact me when you are ready and I will be happy to help you understand what Tri-County requires to properly abandon an OWTS and how to document it for our records.

Thank you,

Jeff
